KSB Flood Fighter L

Powerful plug-and-play package
unit for fighting flooding in
households and businesses

KSB FLOOD FIGHTER L

KSB Flood Fighter L at a glance

KSB Flood Fighter L is KSB's emergency flood kit.

With its plug-and-play principle it is ready in no time and includes everything you need to drain floodwater from your building quickly and effectively.

The AmaDrainer 507 pump contained in the set is truly effective at removing flooding at a flow rate of 28,000 l/h.

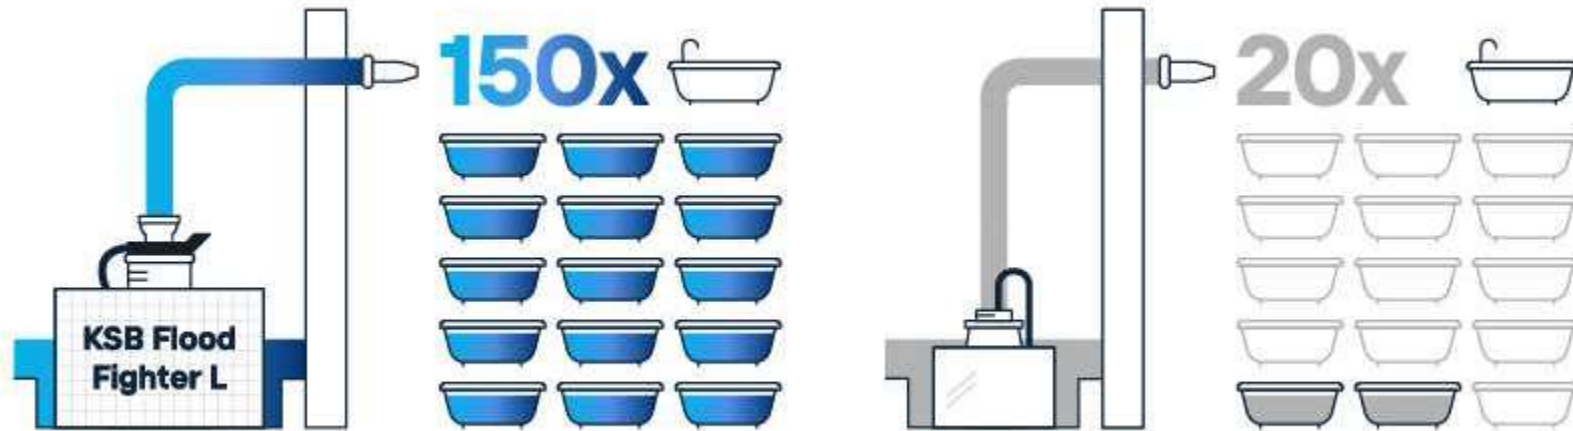

This corresponds to about 150 bathtubs of water per hour.

KSB SupremeServ

If flooding hits, it is actual performance that matters.

KSB Flood Fighter L (featured on the left) provides truly effective aid in the event of flooding with up to 28,000 litres or 150 filled bathtubs per hour. This is seven times the amount of conventional flood kits from the DIY store (featured on the right).

KSB FLOOD FIGHTER L

Applications

KSB Flood Fighter L is the all-in solution for

- Home owners in flood-prone areas
- Buildings with basements or other areas below the street level
- Industrial businesses
